Your generosity impacts the lives of children and adults impacted by violence. CVIC greatly appreciates every donation. Unfortunately, due to safety and environmental concerns, **CVIC cannot accept the following:**

- Used stuffed animals
- Open or used personal care products including make-up
- Open or used cleaning products
- Clothing or furniture that is covered in animal hair, torn, stained or broken

Clothing and furniture donations are accepted on a case by case basis pending need due to space limitations. Due to liabilities, CVIC staff are unable to assist with moving furniture and large items.

During the pandemic, we ask that all items be in manufacturer's packaging. Please deliver donations in a bag or box that does not need to be returned to you.
